As a graduate of the second cohort of the mentoring program, I'd highly recommend this course.

Great content, genuine expertise among the TPC team and an awesome community of mentors and fractional professionals to be part of. A really lovely bunch of people too.

Keep up the great work!

TPC exceeded my expectations

I participated in the second cohort. The group was very diverse and provided many opportunities to learn from the instructors and the group members. This group will be a very good source of talent and advice going forward and I look forward to maintaining an ongoing relationship with my cohort and TPC as a whole. The program exceeded my expectations and I recommend it to anyone who wants to bring scholarship to their mentoring as a career or part of their individual professional portfolio.

As a graduate of TPC's Mentoring Accreditation, I've been really impressed by the scope of knowledge the TPC brought to the course. Coupled with this, they have been incredibly attentive and supportive. An intensive, productive and very rewarding experience. Can't recommend it highly enough.
